EP 8-2561

Mr. F. Moran McConihe
Commissioner
Public Buildings Service
Washington 25, D. C.

Dear Mr. McConihe:

I have noted with great pleasure your appointment as Commissioner of Public Buildings.

We enjoyed discussing with you in January of this year our plans for the construction of a new headquarters building for the Central Intelligence Agency, and I am pleased to report that with the assistance and cooperation of the Public Buildings Service we have made considerable progress since that time and are now ready to ask the Congress for the necessary funds to complete the project.

Mr. Flood and Mr. Poorman, as well as several members of the Public Buildings Service Staff, are now intimately familiar with our project; however, we would be more than glad to brief you personally at any time if you feel that it is necessary.

We look forward to working with you in this project as well as other matters of mutual concern.

Sincerely,

Allen W. Dulles
Director
